*Child Case Management Training
Introduction*

Introduction

- This state mandated training is to be taken within six months of employment for all case managers working in the mental health system in the state.
- The training is designed to present you with best-practice techniques for facilitating the recovery of individuals and helping them attain the goal of a happy, healthy, independent life.

Introduction (continued)

- The following five modules will provide you with the basic information necessary for your introduction into case management.
- Please proceed to the first training module: Children's Case Management Overview to begin your training.

Completed

You have completed the Introduction.
